Early Stage Researchers: Connection SENIA - Gestión de Tesis

How to access SENIA2:

From the “Gestión de Tesis” App → menu **Training Activities // Registration of specific activities** → Button “Access to SENIA” (bottom right) a la derecha

Register the research activity in Senia
Once the activity is registered in SENIA:

There are two ways to request recognition of specific training hours.

1. The simplest way is from SENIA:
   - In the activity we want to request recognition for, we should click on the button “Guardar y solicitar incluir en Expdte. Doctorado” (Save and request inclusion in doctoral record)

   They can be contributions that the doctoral candidate or any collaborator has introduced in SENIA2.
Once the activity is registered in SENIA:

There are two ways to request recognition of specific training hours.

2. The other way is through the “Gestión de Tesis” App:
   From the menu Training Activities // Registration of specific activities, clicking on the button
Once the activity is registered in SENIA:

There are two ways to request recognition of specific training hours.

2. The other way is through the “Gestión de Tesis” App:
   - From the menu Training Activities // Registration of specific activities, clicking on the button

   This opens a screen where you have to indicate the type of activity to search for in SENIA.
   - We will get a list of the activities of the chosen type that we have registered in SENIA and we will choose the activity for which we are going to request recognition.
   - They can be contributions that the doctoral candidate or any collaborator has introduced in SENIA2.
