FINANCED WITH FUNDS FROM THE RECOVERY, TRANSFORMATION AND RESILIENCE PLAN (RTRP)**

On June 21, 2020, the European Council approved the creation of the Next Generation EU programme in response to the social crisis, thereby helping to repair the damage caused by the Coronavirus pandemic.

Within the framework of the Next Generation EU initiative, the European Recovery and Resilience Facility (RRF) was created. This instrument provides the 27 Member States with support to increase public investments and to implement reforms that contribute to the recovery of the economy and employment in order to address the main economic and social challenges in the post-COVID-19 period.

In compliance with this precept, the Spanish Government approved the Recovery, Transformation and Resilience Plan on April 29, 2021 <https://planderecuperacion.gob.es/>

The Universitat Politècnica de València is the beneficiary of a series of RRF-funded projects that must be managed according to the guidelines of Regulation (EU) 2021/241 of the European Parliament and of the Council of 12 February 2021 establishing the Recovery, Transformation and Resilience Facility and the regulations governing its implementation procedure.

As beneficiary of these funds, the Universitat Politècnica de València is required to formalise the minor contract file following additional requirements beyond national regulations.

Specifically, and with regard to you as a supplier - awardee of a minor contract financed with these funds, you must attach three documents to the minor contract file. These three documents will be provided to you by the university with the corresponding text and logos. Once signed, these documents will justify the conflict-of-interest analysis between the researcher in charge of the project and you as the awardee of the contract.

The documents to be attached are:

- Declaration of Commitment
- Declaration of Non-Conflict of Interest
- Declaration of Data Transfer and Data Processing

As the successful bidder of the contract, you must sign all three documents and return them to the Universitat Politècnica de València. They will then be used in the conflict-of-interest analysis and attached as part of the minor contract file financed with this RRF fund.
