

20190128c Suspicious E-mail Login Attempt

Ataque phishing del 28 de enero de 2019, Suspicious E-mail Login Attempt

Mensaje falso

The screenshot shows a browser window titled "Suspicious E-mail Login Attempt - Mensaje (HTML)". The email header includes a profile icon, the date "lu, 28/01/2019 16:48", and the sender "Fleming, Brenda <fleming_b@dragon.k12.pa.us>". The subject is "Suspicious E-mail Login Attempt". The body of the email contains a "Security Alert" stating that access to certain features has been temporarily restricted due to a login attempt from an unrecognized device. It includes a "Get Started" link and a "Please note" warning that failure to restore full access can lead to permanent suspension. The email is signed off by "Webmail IT-Service Help Desk".

Web falsa

The screenshot shows a browser window with the address bar displaying "securityupdated.czweb.org/webmail-upgrade/index.php". The page title is "Verify-Your-Webmail-Account". The main content is a "Webmail Server Verification Portal" with a form containing fields for "Username:", "Password:", "Confirm Password:", "Email Address:", and a "LOGIN" button. A note below the form reads: "NOTE: You must enter your full email address in the Email Address field, Example: jdoe@domain.com not only jperez. Also, please use lowercase letters for this field. Admin@webmails.com". At the bottom of the page, there is a banner advertisement for "Zimní výprodej" (Winter Sale) with a "PROHLÉDNOUT" button and a "vingo" logo.
