

1.4.1. What should I do if I have lost a book I borrowed?

Any lost or stolen books must be reported to the Library using the [Policonsulta](#) form. Include the book's details and your contact information in the message and we will study your case.

The situation will depend on the circumstances of the book (which may be easy to obtain or out of print); in any case you have to replace it by an identical copy or one of similar characteristics.
